Armies in France. Among other things, Col. Menoher supervised the planning of recent corps operations which, in rapid succession, resulted in the capture of Sarreburg, the forcing of the Saverne Pass and the capture of Saverne and Strasbourg. Said the citation, "By your skill, untiring efforts and foresight, you supervised the planning of an offensive against a determined enemy which was executed with brilliance and resulted in the capture of many prisoners and a chaotic and confirmed withdrawal of the enemy from French territory to areas across the Rhine." The colonel's wife, Mrs. Laura Lee Menoher, resides at 8 Kensington road. A son, Pearson T., is a lieutenant (j.g.) in the U. S. Navy's submarine service in the Pacific. The colonel's brother, Lt. Watching a boat come in, he saw among the disembarking sailors Seaman First Class Harold "Skeets" Vincent of Clark street and Donald "Duck" Reich. General Agreement at Open Committee Meeting that Memorial Should be "Living One". Possible Sites Discussed. May Insert Article in Annual Town Meeting Warrant.

The open meeting of the War Memorial Committee held last week in the Hearing Room of Robbins Memorial Town Hall, closed with the three last speakers urging that some action be taken immediately toward securing a suitable memorial. George McGilivray, acting president of the Lt. Stanley G. Benner Detachment of the Marine Corps League, expressed the opinion that it would be good for the morale of the serviceman if he felt something was being done for him.

Selectman Joseph Peterson suggested that plans be started immediately and said that he felt veterans of the First World War were qualified to speak for those of the second, since the spirit of comradeship and generosity are the same. Warren Ryan suggested that an article be inserted in the Warrant for the appropriation of \$100,000, \$50,000 from taxes and \$50,000 from free cash, to be put aside this year and every year until building is a reality.

Agree on "Living" Memorial. In previous discussion the speakers had been in practical agreement that the memorial be a living one—a building with an auditorium and a swimming pool which could be used for the town or a building for the use of veterans organizations. There were suggestions as to the location of such a building. Mr. Henderson of the Board of Park Commissioners suggested an auditorium and swimming pool on the property now owned by the town at Mill Brook (corner of Summer and Mystic streets.) Joseph J. Bevins, representing (Continued on Page 8)

Some of these men are home on leave; some are still in combat areas; some are wounded in hospitals.

The Navy aviator, who is 23 years old, completed 11 combat missions. His outstanding accomplishment occurred during the Second Battle of the Philippines when he scored a direct hit on a Japanese battleship, one of the many enemy vessels sunk or damaged by the Navy in the engagement. On another sortie, Ensign Gray torpedoed a Jap cargo vessel. In recognition of his combat record, Ensign Gray has been awarded the Distinguished Flying Cross with Gold Star in lieu of a second award.

Sgt. Whittier Awarded Oak Leaf Cluster. An Oak Leaf Cluster to the Air Medal has been awarded to Staff Sergeant Hazen L. Whittier for "courage, coolness, and skill" while participating in bombing attacks on military and industrial targets in Germany and enemy installations in the path of the advancing Allied armies in Western Europe. Jacob Bitzer Congratulated On 80th Birthday

Tuesday was the eightieth birthday of Jacob Bitzer of 22 Fessenden road, who has held many town and state offices. He was remembered by his host of friends with a shower of cards—so many that he was astonished—and also with flowers and pipes. Among those who remembered him were the Selectmen, the Board of Public Works, the Town Counsel, the Town Clerk—who honored the occasion with a poem—and the Republican Town Committee.

Mr. Bitzer believes that he came to Arlington at about the same time that the Advocate, moving from Woburn, set up its shop in Arlington. He was eight years old—"a poor immigrant boy" who could speak only German (Continued on Page 8)

JOIN THE MARCH

An important parade started on Monday—the "March of Dimes". Throughout the nation dimes and multiples of dimes are being contributed to aid in the fight against infantile paralysis.

This is the first year that there has been an organized effort to raise money in Arlington for the Infantile Paralysis Foundation so citizens should take special pride in making the town's contribution a large one. Not only dimes but quarters, half dollars, dollars and larger bills may be put in the boxes which have been placed in convenient locations. Or money and checks may be sent to the president.

The value of the Foundation lies not only in the aid that it gives to sufferers with the disease, but in its research work. Once it is determined what is the source of the disease and how it is spread, the way will be cleared to the discovery of a preventive. Already, the effects of the disease can be minimized if it is caught in its early stages. Already, there are treatments that bring back life to the stricken limbs.

It is still, however, one of the most dreaded of diseases, particularly since children are the most frequent sufferers. We await a vaccine like that which prevents smallpox, which for so many years filled the pest houses with its victims, leaving them, if they lived, so terribly scarred, or an anti-toxin like that which has made negligible the diphtheria death rate which was once so high.

That is what the research workers are seeking; that is the purpose for which some of our dimes are used.

Arlington is a member of the Middlesex Chapter of the National Foundation. Fifty per cent of the contributions received from the county goes to New York and is applied to foundation funds used for research and epidemic aid. The other half stays in Middlesex County and is used to assist local paralysis victims. In the case of a serious epidemic, further funds could be secured from the Foundation.

This is work that is worth doing. Let's get in line.

IN 1875

70 YEARS AGO THIS WEEK

Sociable. — Hiram Lodge, of Masons, threw open its doors last Wednesday evening and gave to its members and friends, both ladies and gentlemen, a very pleasant entertainment. Solos, duets and piano music, furnished by Mrs. Graves and Mr. Frank W. Knowles of Cambridge—the accompaniments by Mr. S. P. Prentiss—and readings by John H. Hardy, Esq., filled up the first part of the evening very pleasantly and the balance of the time was spent in dancing.

Disbanded. — We regret being obliged to announce the disbanding of the Arlington Choral Society. After the complete success which attended their concert, we were in hopes they would go on rehearsing and preparing for another, but those most interested deemed it best to discontinue.

Dance. — The third of the series of assemblies, by the fire department, came off at the Wm. Penn hall on Thursday evening, and like its predecessors, was quite a success.

IN 1895

50 YEARS AGO THIS WEEK

A quiet home wedding was solemnized at the residence of the bride's sister, Mrs. Joseph W. Harrows, on Wednesday of last week. The bride was Miss Louise D. Mrs. Homer having a rich and fine mezzo-soprano voice.

Mrs. J. Edward Kimball entertained the Wide-Awake Club very delightfully at her home, 161 Massachusetts avenue, Wednesday afternoon.

The weekly meeting of the Bohemian Whist Club was held Friday evening at the home of Miss Emma Power, on Teel street. Miss Kittie Donohue received first prize.

Who's Who in Arlington
State Guard

Platoon Sgt. Edward Parr was born in Leominster, Massachusetts, August 24, 1901, and moved to Boston with his parents as a young boy.

He attended Dwight Grammar, High School of Commerce, Bentley School of Accounting and a dozen or more University Extension courses in varied subjects.

G., 1925; Troop B, 110th Cavalry, M. N. G., 1926 to 1935 inclusive. He was appointed to Mass. National Guard Officers Training School in 1930 and graduated in 1932 with a reserve commission in the U. S. Army Cavalry.

He was Air Raid Warden Civilian Defense 1941 and 1942 until enlistment in the Arlington Company, M. S. G., November 11, 1942. Graduate of Red Cross First Aid Course in 1941. Assistant-Cubmaster of Pack 83, East Arlington. Member of the "Gallon Club" Red Cross Blood Donors since May, 1944.

He had the honor of impersonating William Dawes in colonial costume on his famous ride from Elliott Square, Roxbury, via Brookline, Cambridge and Arlington to Lexington Green on April 19, 1934.

For the last 27 years he has been in the auditing department

of the John Hancock Mutual Life Insurance Company at its Home Office in Boston.

In 1934 he married Mary Edna O'Brien of Arlington. They have three sons: Billy, 9; Paul, 6, and Michael, 3 years old.

While Sgt. Parr is an efficient and earnest soldier, he has a lighter side. This lighter side is concerned with histrionics. He loves to sing, mimic and dance, and does all three well. With him in camp, there isn't a dull moment.

The funeral was held Monday morning from her home, with a high mass of requiem in St. Agnes' Church. Burial was in Mt. Pleasant cemetery.

Rusco Gives Efficient Window Insulation

Surveys of thousands of homes by heating engineers show that it saves more heat to insulate the windows with double glass than to have attic and sidewall insulation. The rate of heat loss through one square foot of single sheet glass is ten times as great as through a similar area of an exterior wall not insulated.

The average pane of glass is only 1/8 inch thick and when the outside temperature is below freezing this thin sheet of glass is comparable to the temperature of a sheet of ice, offering virtually no comfort or protection.

A properly caulked on outer window unit, by preventing glass conduction and crack infiltration may save as high as 30 percent of fuel and raise the temperature of a home from 5 to 15 degrees.

The patented RUSCO Steel Closures Convertible unit advertised elsewhere in this issue, gives this winter service, along with multiple other features.

Eliminated entirely is the fuss and bother of taking down and putting up twice a year, poorly fitting storm windows and screens. In the patented RUSCO service the panels are interchangeable from the inside in a matter of seconds—even by a child—because of their lightness of weight.

An exclusive RUSCO feature is an adjustable steel fastener which gives draft and storm proof ventilation at any and all times.

The E. A. Parlee Co., of 123 Exchange street, Malden, who handle and expertly install the RUSCO system, believes that on a true dollar and cents basis, it costs the home owner more to omit the service than to install and enjoy it—this by reason of continued avoidable expenditures for fuel loss, window deterioration from inner condensation, outside storms, and dust, labor, repairs, etc.

Refreshments were served by the Mothers' Auxiliary under the chairmanship of Mrs. Aloysius G. Stahl.

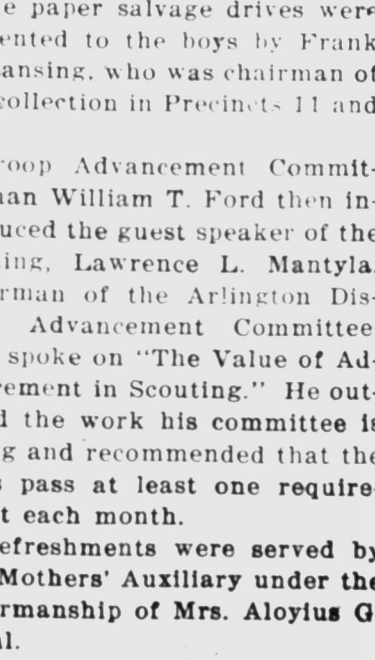

Troop Five Active

Troop 5 held a weekly meeting in the Junior High School West gymnasium on Thursday evening. Scouts Allen Cotton and Forest M. Meek received tenderfoot badges, while Scout William Szill was awarded the second class badge and the merit badge for wood-working.

Each boy who had participated in the paper salvage drive was awarded a Certificate of Recognition for Patriotic Service. Advancement is being encouraged by Scoutmaster Cotton, as Troop Five scouts are studying and practicing in order to secure further honors.

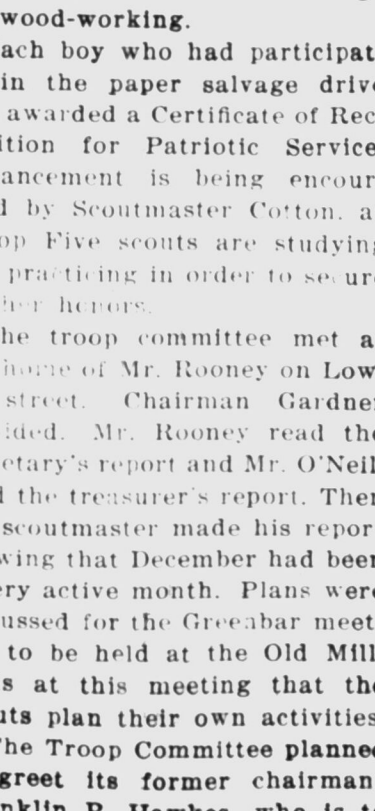

The troop committee met at the home of Mr. Rooney on Lowell street. Chairman Gardner presided. Mr. Rooney read the secretary's report and Mr. O'Neill read the treasurer's report. Then the scoutmaster made his report showing that December had been a very active month. Plans were discussed for the Greenbar meeting to be held at the Old Mill. It is at this meeting that the scouts plan their own activities.

The Troop Committee planned to greet its former chairman, Franklin P. Hawkes, who is to

This could be your telephone

BECAUSE communications directs the attack, it stands for both the success and safety of our fighters overseas. Right on the heels of the infantry are the men of the Signal Corps. The farther they advance, the more telephone equipment they need.

The demand for communications equipment for war is so urgent that many thousands of civilians in New England, and throughout the whole country, must wait. How long? We wish we could tell you.

Until victory is assured, the manufacture of wires, switchboards and instruments for civilian use is restricted. Meanwhile we are doing all we can to make existing facilities serve the greatest number.

Our plans are made for expanding facilities when the fighting ends. Catching up with the civilian construction suspended during war years will be a big job and you can understand it's going to take time.

CHURCHES OF CHRIST, SCIENTIST

"This is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent." This passage from the Bible, John 17:3, comprises the Golden Text to be used in the Lesson-Sermon which will be read in The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and in all of its branches, on Sunday, January 21.
The subject of the Lesson-Sermon will be "Life," and included in the Bible selections is, "In God have I put my trust: I will not be afraid what man can do unto me. Thy vows are upon me, O God: I will render praises unto thee. For thou hast delivered my soul from death: wilt not thou deliver my feet from falling, that I may walk before God in the light of the living?" (Psalms 56:11-13).
The following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included in the Lesson-Sermon, "Life is deathless. Life is the origin and

ultimate of man, never attainable through death, but gained by walking in the pathway of Truth both before and after that which is called death. . . . The relinquishment of all faith in death and also of the fear of its sting would raise the standard of health and morals far beyond its present elevation, and would enable us to hold the banner of Christianity aloft with unflinching faith in God, in Life eternal" (pp. 487, 426.)

Flood, Famine, Freezing Aggravate Nazi Cruelties in the Netherlands

Nazi soldier views a submerged area of The Netherlands, where farms, roads, and houses have been flooded "for purpose of defense."

DISPATCHES from The Netherlands say systematic Nazi bombing operations have inundated nearly 50 per cent of the land, and have destroyed the sources of 60 per cent of farm crops and dairy products.

Thousands of Netherlands, crowded into cities when their houses were flooded or demolished, now are threatened by shortages of food and fuel, as well as by greater floods if the Nazis carry out their plans to loose the North Sea upon the country. Since the railroad strike no coal is being moved, Nazis are confiscating all

food stocks. Widespread destruction of public utility and pumping plants, water and sewage systems, indicates that thousands of deaths from disease may be added to those caused by large-scale Nazi executions.

Warm clothing, made by Sewing and Knitting Chapters of Queen Wilhelmina Fund, member agency of National War Fund, is being assembled for shipment to The Netherlands as soon as liberation permits. Money made available by National War Fund will finance additional relief efforts in the stricken country.

riage by her father, she had as her maid of honor, Miss Anne Carens. The bridesmaids were her two sisters, Misses Virginia and Natalie Hall; her cousin, Miss Priscilla Edwards; Miss Gloria Wells of Waban and Miss Marjory Hoyt and Miss Irene Ring. The maid of honor was gowned in rose faille taffeta and carried Briarcliff roses and larkspur. The bridesmaids were dressed alike in pale blue taffeta with bouffant skirts and carried pink snapdragons and mixed flowers.

The best man was Robert Close of Milton and ushering were Richard Huntley, Richard Morison, Arthur Armitage, Harry Cox and Dorn Palmer.
The bride attended Arlington High School and Mt. Ida College. The groom was in Mt. Hebron before entering the service. He was overseas for fourteen months, taking part in the French and Italian invasions. He will be stationed in Washington, D. C., where he and his bride will make their home after a trip to Mount Tremblant, Canada.

Calvary Women Hear Missionary from India

The Women's Society of the Calvary Methodist Church held their regular monthly meeting last Thursday evening in the church vestry with approximately forty-five present. Mrs. Frank Cole was in charge of the devotional period.

A business meeting was held with Mrs. Howard McGovern presiding, and reports were presented by the society officers and circle chairmen. At the conclusion of this, the president turned the program over to Mrs. Nor-

man Walkinshaw, who introduced the speaker of the evening, Mrs. Harry Hanson from Lucknow, India. Mrs. Hanson recently returned to this country from India, leaving her husband there to continue their missionary work.

In a fine, clear, expressive manner she informed her very attentive audience of "The People of India and their Customs." Types of dress were demonstrated most effectively, with the assistance of Mrs. McGovern. Villages are scattered, houses of brick and stone laid in mud are seen in clusters, with great spaces of farmland between—farms upon which three crops a year may be grown.

"The people marry early in life," Mrs. Hanson said, "and a Hindu may take three wives, a Mohammedan four." Education in India depends much upon the person's station in life. "People of lower classes have in many instances, become highly intelligent through their conscientious studying in the missionary schools and Christian institutions." In concluding her interesting talk, Mrs. Hanson remarked on the "tremendous work being done by the missionaries in India—the value and necessity of the Christian teachings there."

A social hour followed, and refreshments were served by Sunshine Circle.

the Legion, pointed out that the School Committee had planned to buy the three houses in front of the high school and extend the school buildings. He thought this site would be suitable for a memorial building. Elliott R. Barker thought a suitable location would be opposite the Town Hall.

Speaking as chairman of the Selectmen, William C. Adams said that if any money is needed for closer investigation of site, cost, etc., the Selectmen will be glad to insert an article in the annual Town Warrant for that purpose.

Other speakers included Professor Warren A. Seavey, who favored a public subscription—which Mr. Barker said had proven unsuccessful at the close of the first World War—and also a building for the exclusive use of servicemen; Superintendent of Schools Clifford W. Hall who would include youth in the plan; Commander Dean of the Veterans of Foreign Wars, who agreed with the other speakers, and N. P. Zaponi, veteran of World War II, who favored a swimming pool that could be enjoyed by all. Harold J. Cue offered to design a mural for the building.

In opening the meeting Judge John G. Brackett, committee chairman, said that the open meeting had been called because the committee felt that the public should be invited to offer suggestions as to the most desirable type of war memorial for the veterans of World Wars I and II. He expressed his appreciation to those in attendance, particularly Messrs. Adams and Peterson as representatives of the Board of Selectmen. He also expressed his appreciation of the valuable assistance rendered by the Secretary of the committee, Mrs. Edna Donnelly.

(Continued from Page 1)

★Robert J. Hilton of 130 Webster street was recently enlisted in the U. S. Coast Guard as an apprentice seaman in the current quota for young men of seventeen. Hilton, the son of Mrs. Charlotte Hilton, is now receiving three months of basic military and nautical training at Manhattan Beach, New York.

★Sgt. Walter F. Preston who is with the Ordnance, somewhere in Holland, has been recently promoted to Staff Sergeant. His wife and son, Walter F., Jr., reside at 7 Park street place. Before entering the service he was employed by the Glendale Coal Company.

★Pvt. Charles I. Poole is spending a 16-day furlough with his wife, the former Dorothy Campbell, and his three weeks old son, Charles Clark Poole, at 265 Rutledge road, Belmont. He will return to South Plains Army Air Field, Lubbock, Texas.

★Word has just been received that Dana C. Jones has been promoted to Corporal. He has been serving in India in the ground crew of the Army Air Force for the past 13 months.

Capt. Fowle Back from Burma

★Two Air Forces captains from Massachusetts, who took part in Col. Phil Cochran's airborne invasion of Burma, have returned via Air Transport Command to Miami Air Field after 13 months of history-making action in the China-Burma-India theater. Capt. Herbert L. Fowle, Jr., 23-year-old pilot from Arlington, flew 151 missions totaling 603 hours with the 315th Troop Carrier Squadron—one mission and three hours more than Capt. Ross E. Annis, 25, navigator from Wellesley Hills. Both were in on the big battle of Myitkyna, when American forces wrested the vital air-drome city from the Japs. Night glider and airborne operations

were the first such employed by Allied forces, and set the pattern for the invasion of Europe. Each has been awarded the Distinguished Flying Cross with Oak Leaf Cluster, and the Air Medal with four clusters. Capt. Fowle will visit his wife, Mrs. Margie R. Fowle, and parents, Mr. and Mrs. Percy R. Hemlow, at 52 Huntington road, before reporting for a new assignment.

★Phillip R. Lyons of 17 Everett street, was recently enlisted in the U. S. Coast Guard as an apprentice seaman in the current quota for young men of seventeen. Lyons is now receiving three months of basic military and nautical training at Manhattan Beach, New York. He attended Arlington High School, where he played on the hockey, baseball and basketball teams. He has one brother in the service, Richard Lyons, a private in the U. S. Army.

★Christopher Kelly of 77 Henderson street, was recently enlisted in the U. S. Coast Guard as an apprentice seaman in the current quota for young men of seventeen. Kelly, the son of Mrs. Mary Kelly, is now receiving three months of basic military and nautical training at Manhattan Beach, New York.

★Second Lieutenant Warren Borges, 28, son of Mr. and Mrs. Wyles Borges of 118 Lake street, who is serving at an Eighth Air Force Bomber Station in England with the veteran 306th Bombardment Group as a pilot, has been awarded the Distinguished Flying Cross for "extraordinary achievement". It was recently announced by his commanding officer, Colonel James S. Sutton of Findlay, Ohio. As the pilot of a Flying Fortress, the duties of Lieut. Borges are not only to fly the giant bomber but to keep in constant touch by telephone with his nine man crew, ready to give orders and to make decisions instantly. Nine lives and a \$250,000 airplane depend on his judgment and flying

ability. The efforts of men like Lieut. Borges recently received official recognition when the First Bombardment Division, of which this group is a part, was awarded a Presidential Unit Citation for "extraordinary heroism" displayed in carrying out the highly successful attack on the enemy aircraft plants at Oschersleben and Halberstadt, Germany, despite extremely heavy fighter opposition. A graduate of Wentworth Institute, Boston, Borges was employed as a supervisor by the Bethlehem Steel Corporation, Fore River, Quincy, prior to his entry into the Army Air Forces. His wife, Mrs. Gladys Borges, lives at 118 Lake street.

★Pfc. John T. Connolly, 20, has been promoted from Private First Class to Sergeant. He is a squad leader and the son of Mr. and Mrs. George I. Connolly of 15 Oakland avenue.

★Courier for the 355th Harbor Craft Company, England, Private Charles A. McGowan, 24, of 44 Thorndike street, delivers ships' papers, cargo manifests and movement orders from ship to ship by motor launch. Before entering the Army, Pvt. McGowan worked at the Boston Navy Yard as a machinist. His parents, Mr. and Mrs. James A. McGowan, live at the Thorndike street address.

★Private First Class Robert L. Davis, 25, an airplane mechanic serving with a B-25 Mitchell bomber squadron based on Corsica, played an important role in establishing a group record for keeping his squadron's planes operational. In the month of November, the ground crews kept 98% of the aircraft assigned to the squadron operational, the third time the squadron had led the group in the past six months. At the same time, no plane returned from a mission due to engine failure. It was close inspections and careful repairs by the men responsible that made such a record possible. Mr. and Mrs. U. V. Davis, parents of Private Davis, reside at 17 Newport street.

man. Among those who helped to make the new country home for him was the elder Mrs. James Bailey and among the remembrances he received Tuesday was one from each of the Bailey "children"—Miss Esther Bailey, James A. Bailey and Edward A. Bailey.

Among the many capacities in which Mr. Bitzer has served the town are Selectman, Moderator, member of the Planning Board, of the original High School Building Committee, the committee that introduced the Representative Town Meeting and the Committee on the Equalization of the Salaries of Town Officials. He also served in the State Legislature during the First World War.

"I eat well and sleep well," says Mr. Bitzer, and adds, "but my legs have been on the bum for three years, so I can't mingle with the multitude as I used to." He is married and has one son, Alfred H. Bitzer of 4 Beck road, who expects to enter the service in February, and two granddaughters.

Here is Mr. Ryder's poem:

MY DEAR JAKE
A little birdie flew my way
And sang about your natal day
O, friend of mine, I'm glad I'm here
To send you greetings of good cheer.

A birthday is a lovely thing
E'en though it means time's on the wing.
It brings the wishes all, old dear,
From loving ones both far and near.

To all who live upon this earth
With all its beauty and its mirth
The years would be so dull and gray
If none remembered their birthday.

We need not care how years may pile
And we grow old and gray the while
If we have memories in our heart
That even time can't tear apart.

Keep smiling, friend, through all the years
And blind to burdens and to tears;
No matter what the pain and strife
Be joyous and thank God for life.

I wish you three square meals a day
And good digestion all the way;
I wish you riches, love and peace
And best of health without surcease.

In the dark years which have followed, he has been an eyewitness to the successive events by which nations have crumpled before the scourge of Fascism. He has roamed the streets of Vienna, Warsaw, and Paris; sensed the rising pulse of the crowds; haunted the foreign offices; interviewed the men who were making history; traced the pattern of cause and effect in the Europe of the interlude.
